

MJK Racing #55 FuelClinic Camaro Wins 1st Place in 2009 Central Florida Region SCCA GT-1 Points Championship

November 22, 2009

Congratulations to Mike Kern and the [MJK Racing Team](#) with the #55 [FuelClinic.com](#) Camaro for winning first place in the 2009 Central Florida Region (CFR) SCCA GT-1 Points Championship. Results were released last week.

“Without the hard work and help of my crew, [FuelClinic.com](#), [JR Motorsports](#) engines, [Outerwears](#), and our other marketing partners it would have been impossible to achieve what we did this season”, said Kern.

The [Central Florida Region \(CFR\) SCCA](#) is one of 18 regions in the Southeast division, with 9 divisions total in the US. Seven regional and divisional events made up the 2009 schedule, consisting of 14 actual races over the event weekends we were able to win the Championship due to great finishes in 5 races in which the team competed.

- 2 first place finishes
- 1 second place finish
- 1 third place finish
- 1 fourth place finish

Points accumulate at each race, with a total of 46 Championship points putting MJK Racing in first place overall. Second place long time GT-1 racer Bob Borders finished second with 30 points. Eight GT-1 racers competed in the points championship, not including guest racers from other regions that competed at the famous Central Florida SCCA Region tracks - Daytona International Speedway and Sebring International raceway.
